

Almost True

God's Word is Truth—even when other ideas sound right.

Sometimes things we hear sound good... but they're not fully true. In this series, kids will learn how to spot "almost true" ideas and discover that when we go to God's Word, we can learn what is really true.

January 4: God's Word is true, and I can trust Him to lead me.

January 11: God's Word is true, and Jesus gives us real joy.

January 18: God's Word is true, and God can heal hurting hearts.

January 25: God's Word is true, and God is working, even when life is hard.

All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the servant of God^l may be thoroughly equipped for every good work.
