

THE BIBLE IS ALL ABOUT JESUS

In Kids Ministry for the next couple of months we will be taking a break from the main sermon series. Our Kids will focus on a series called, ***The Bible is All About Jesus.***

From Genesis to Revelation, the Bible tells one true story about God's plan to rescue the world through Jesus. Every story points to Him. By the end of the series, kids will understand that the Bible is one unified story of God's redemption through Jesus. Instead of seeing Bible stories as isolated lessons about being brave, obedient, or kind, we will focus on how each story reveals God's character and points to Jesus, the promised Savior. This will help kids build a gospel-centered understanding of Scripture that they can carry with them as they continue to grow in their faith.
